Current Challenges

Companies face **millions in unrealised revenue** due to a lack of speed & correctness in **bidding for Tenders/RFPs**

Tenders / RFPs are super high value (up to INR 5000 Cr) → Manual bidding process is too long and lacks accuracy → Companies over or under quote. Often compliances & risks are overlooked → Time & effort is wasted. High value tenders are lost. Revenue stays unrealised

Solution

An AI software to help companies **bid faster, accurately and on more tenders / RFPs**, increasing win chances

AI **reads tender documents, understands clauses and interprets information** from the documents

AI answers all user queries no matter how complex, in the matter of seconds

AI does **compliance checks, indicates risks, scores win chances, helps negotiate clauses** and overall make the entire bidding simpler

Companies can bid quicker and more accurately. **They answer more bids in the same time, increasing chances of more wins**

Testimonials

"ContraVault is a really unique and easy-to-use software that has helped us make our tendering process faster and simpler. Its AI has made our processes quicker."

- Mr. Arun Singhania, CFO, Paharpur Cooling Towers

"ContraVault is doing a great job in the contracts and legal space by using AI to reduce time and cost. It is really helping streamline a lot of processes which used to be severely human driven"

- Mr. Som Mandal, Managing Partner at FoxMandal

"Contra Vault a great software for legal contracts management through artificial intelligence could bring in a paradigm change in creating, reviewing and validating legal contracts. I can definitely recommend this product for all Finance and legal professionals."

Vice-President Finance (India & South East Asia), Lenze India

"I always wished a solution exists to read documents with hundreds of pages and give checklists, summaries, department-wise points to attend, etc., and save time and cost.

Having seen detailed demo of Contravault, I find much more than what I wished for and am sure this will be a game changer."

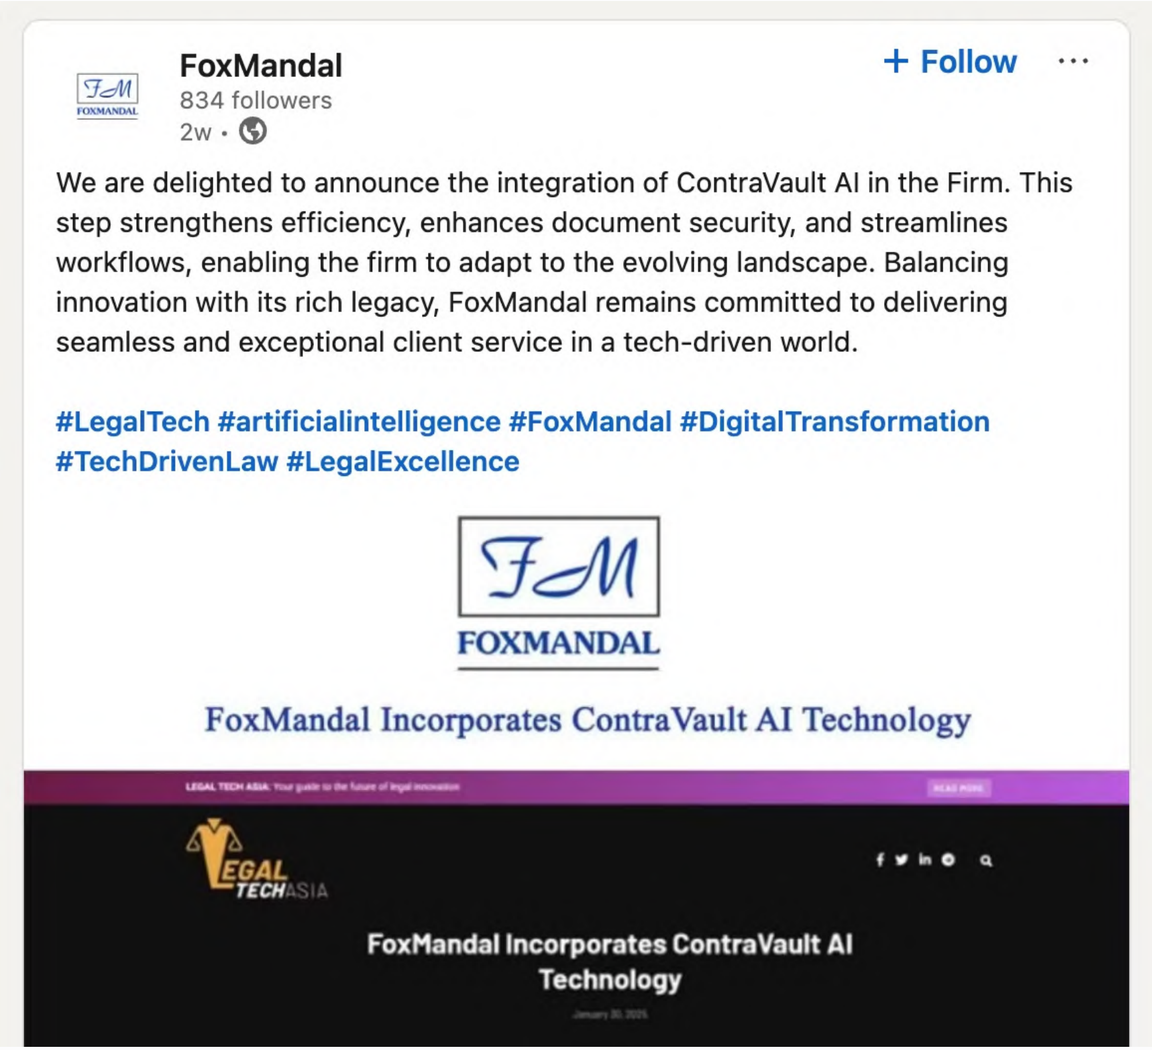

Chief Financial Officer, BEKEM Infra
